

BIG DATA PROFESSIONAL

ASU Ira A. Fulton Schools of
Engineering
Arizona State University

Certified Big Data Professionals successfully completed nine credit hours of graduate level coursework and have demonstrated their ability to develop exploratory data analysis and visualization tools. Successfully applied design principles for a variety of statistical graphics and visualizations, has proven a deep understanding of common data mining algorithms to discover relationships and patterns in large datasets, has implemented advanced learning algorithms, and has performed scalable data processing operations in cloud computing.

Student has successfully completed three of the four courses to complete the certification requirements

- **CSE 511** Data Processing at Scale
- **CSE 572** Data Mining
- **CSE 575** Statistical Machine Learning
- **CSE 578** Data Visualization

This certificate is being presented to

Gulsum Islamoglu

For successfully completing all requirements and criteria for

BIG DATA PROFESSIONAL CERTIFICATION

awarded by the Ira A. Fulton Schools of Engineering at Arizona State University

Dr. Kyle Squires
Professor and Dean
